Education State Fund Budget for 1898-99

In this Budget, as originally submitted by the Inspector General of Education with his letter No 125/347 dated 12 May 1898, the receipts and expenditure are estimated as follows —

	Estimates 1897-98	Estimates 1898-99	Increase
Receipts	91,357	93,357	2,000
Expenditure	561,350	570,621	9265

~~The grounds of increase and decrease are fully explained in the Memorandum accompanying the Budget~~ -

2 The foregoing figures are inclusive of the additional grants aggregating to Rs 30,635 sanctioned from time to time last year to supplement the Budget

3. The grounds of increase and decrease are fully explained in the Memorandum accompanying

x inclusive of the correction of an error pointed out in the Inspector General's letter No 115/379 dated 15th June 1898

the Budget The additions to
receipts are reported to be justi-
fied by the normal rate of increase
in the annual income from
School fees The increase in ex-
penditure is mostly due to the
increments of pay accruing during
the year to Educational officers
of all classes, a decrease of
Rs 9,000 being on the other hand
effected by the reduction of last
year's grant for Taluk School
buildings, to the usual annual
provision of Rs 10,000

4 The Budget submitted
as above had nothing worthy
of remark But the Inspector
General has followed it up by
a number of references asking
for additional allotments to ~~items~~
~~note~~ under various heads
~~On this point~~ —

4 much inconvenience was caused "by the late submission of (such) proposals," and requested the Inspector General "to submit "his future proposals before the "31st March in each year so "as to admit of all such ad- "ditional charges, when sanctioned "being incorporated in the Bud- "get of the year to which they "relate

The Govt's attention may be drawn to these instructions, as there is much confusion & delay in the despatch of these Budgets owing to non compliance with these instns

5 The subsequent proposals now received are accordingly added to the Budget and a new Statement prepared in this Office submitted for orders

(1) Inspector Generals' No 10915/567 dated 21st May 1898

(6) A further recommendation is made for the grant of Malnad and semi-malnad allowances (similar to those granted to Taluk Establishments) to the teachers and menial servants employed in those ~~taluks~~ to the teachers in the M

These rates are somewhat higher than those sanctioned for Taluk Ests [illegible]

This must also be considered in connection with the correlation of pay of [illegible] pleader & [illegible] relevant for reference, per order

(2) Inspector General's letter No 1337/373 dated 3rd June 1898

As usual a provision of Rs 5000/- has been made in the Budget on account of grants-in-aid for buildings ~~grants~~ The Inspector General now submits a list showing amounting to Rs 7[illegible]8/-

and requests that the higher amount be provided in the Budget —

The Inspector General makes particular reference to the Girls' School buildings constructed at Sera and Madagiri by means of private subscriptions, and recommends the grant of Rs 835/- and Rs 920/- respectively for those institutions. The increased provision of Rs 7826 may, it is submitted, be made in the Budget

(3) Inspector General's letter no 11338/374 dated 3rd June 1898

Anglo-Vernacular Schools	Rs 2088	Rs 1346
Taluk Vernacular Schools	5112	3654
	7200	5000

The Inspector General recommends that the allotments under these heads be increased by Rs 600 and 400 respectively This may be approved

Details as to how much of these amounts are for Anglo Ver. Schools and how much for Taluk Ver Schools are not given by the I G

Tender information details if necessary the matter may be allowed to stand

(6) Inspector General's no 11619/383
dated 17th June 1898

The present provision on

account of Travelling allowances to Rs 11,200 The actual expenditure in 1896-97 at the old rates of travelling allowances was Rs 13,180, and recently the rates have been revised and increased by Proceedings no 5369-404 dated P+A 39-93 20th January 1898, which allow higher rates for travelling in the malnad The Inspector General proposes that the allotment under this head should be raised to Rs 20000 The requisite addition may be made in the Budget

Insp^r Gen^l - Batta raised from Rs 6 to 7½
Dy Insp^rs 2 to 3
Asst do ¾ of pay to 1½ Rs a day
The rates of mileage have also been increased -

6- Besides the above additional allotments which aggregate Rs ~~47192~~ 50,714 the following additions have to be made -

Rs 36 Local allowance to an additional master in the Bowringpet A V School sanctioned in

Rs 336 On account of the Girls school at Chamrajpet Bangalore converted into a Government Institution by Pro no 15457-8/ Ed F 47-96 dy 26th May 1898

Rs 2997 For furniture for the

new Students ~~Home~~ Home in connection with the Maharajah's College, Mysore about to be opened (Vide Proceedings no dated

Rs 4429

7. The Inspector General has omitted a very important point in the Budget The grant for Taluk School buildings he has placed at the usual figure of Rs 10,000 Last year he submitted a large programme of works estimated at nearly 2½ lakhs, and pointed out that ~~the~~ buildings ~~costing~~ costing nearly a lakh were urgently required He was informed in Proceedings no 7129 dated 18th December 1897 Ed 208 that Government were not "prepared to at once pass any

17 "orders on his exhaustive program
"of school buildings to be con
"structed, but suitable pro-
"vision for the more urgent
"buildings chargeable to State
funds might be proposed by him
from time to time in his annual
Budget

Mr Bhabha further asked
that on account of the school
buildings which were very
urgently required, the Budget
grant of last year (1897-98) be
raised from Rs 10,000 to Rs 54,349 As the
official year was near its close,
Government in their Proceedings
No 11173-74 / ED 19-96 dated 10th March 1898
sanctioned only Rs 5000/- more
for that year As most of the
urgent works in question will
have to be taken up this year
this suggested that an additional

grant of Rs 25,000 or 30,000 may be at once included in the present Budget, so that the construction of individual works when submitted by the Inspector General may be sanctioned without inconvenience and loss of time

8. The Normal School at Mysore which is maintained from the Village school fund, receives a grant from the Provincial fund equal to one half of its cost The Mysore Municipality had hitherto been paying an annual grant of Rs 840/- to the said Normal School That Municipality having been recently relieved of this grant with a view to the amount being spent on Primary Education, the above

proposal [illegible]

14

OVER

grant of Rs 840/- has been charged to the present Budget Thus the Provincial Budget (Education) has to bear half the cost of the school plus Rs 840/- It is a matter for consideration whether the Provincial funds may not be relieved of this additional grant of Rs 840/- in consideration of its payment a moiety of the cost of the institution, so that the cost of the school may be divided equally between the two funds (Provincial and village School) If this is approved, Rs 840/- will have to be deducted from this (State funds) Budget

5 The estimates for 1898-99 exceed the provision for the current year by Rs 9265. The variations under each head which have produced the increase are explained below

I Direction. The Manager's last increment July next and Rs 120 is provided for it under this head

amount to Rs 840 || the appointment of a Muchammadan Deputy Inspector for Hindustane schools with the requisite office establishment in place of one of the two Assistant Deputy Inspectors of Hindustane schools, sanctioned by Government Order Rs No 5297-8 / Ed 144 dated the 10th November 1897 has caused an increase of Rs 744 The pay of 8 peons on Rs 5 each has been raised to Rs 6 at an additional cost of Rs 96 by Govt Order No 12242 / Ed 312 dated 29th March 1898 || In the Budgets for 1895-96, 1896-97 and 1897-98 the number of peons on Rs 7 employed in the offices of Deputy Inspectors was by mistake entered as 3 while the actual number was 4, and the number of peons drawing Rs 6 should have been one less than the number entered in those budgets these four peons had their pay raised from Rs 6 to Rs 7 in January 1893, May 1894, October 1894 and April 1895 The mistake is now rectified and the number of peons drawing Rs 7 is entered as 5 which includes the one recently sanctioned for the office of

the newly appointed Deputy Inspector of Hindustani Schools. The increase of Rs 12 caused by rectifying this mistake and the additional charges noticed above, amount to Rs 1692 There is a decrease however, amounting to Rs 300 a year caused by the retirement of the remaining Assistant Deputy Inspector of Hindustani schools and the transfer of an Assistant Deputy Inspector of Kannada Hobli Schools on Rs 60. to the teaching staff, their successors being given Rs 50 and Rs 50 + 5 personal allowance respectively The net increase of expenditure under inspection therefore amounts to Rs 1,392

Sir,

I have the honour to forward herewith a list of increases of grants-in-aid required in 1898-99. Each application has been carefully scrutinised. In the case of Girls' and Pareah schools the grant is estimated roughly at half the cost that would be incurred if Government maintained the schools. In the case of other schools the grant is calculated at half the net cost, the other half being met from its own funds by the agency maintaining them. The total increase required is ~~Rs~~ 226½ a month or Rs 2,718 a year. I recommend that Government will be good enough

enough to sanction the amount.

ORDER THEREON—The Budget estimates of the Education Department, as submitted with the first of the letters read above, were as follows —

	1897 98	1898 99	Increase
	Rs	Rs	Rs.
Receipts	91 307	93 357	2 000
Expenditure	5 61 306	5 70 621	9 265

2 The increased provision under receipts is reported to be due to the normal rate of increase in the income from school fees and the English classes opened in Vernacular schools, and is accepted

3 Under expenditure, the Inspector General has since in his communications cited above, suggested the inclusion of additional grants under certain heads On this point the Inspector General's attention is drawn to the instructions conveyed in the Proceedings of Government, Camp No 50 51—Ed F 23 96, dated 16th October 1897 regarding the early submission of such proposals and he is requested to strictly conform to them as there is much confusion and delay in the disposal of the Education Budget in consequence of his non compliance with them

4 The list of Grants in Aid for buildings (as per list A attached) amounting to Rs 7 826 received with the Inspector General's letter No 11337 373, dated 3rd June 1898, is approved and the amount entered in the Budget

5 New Grants in Aid to schools amounting to Rs 552 per annum and *increases* to existing monthly Grants in Aid amounting to Rs 2 718 a year (as per lists B and C appended) are sanctioned in accordance with the recommendations contained in the Inspector General's letters Nos 11338—374 and 11339—375 dated 3rd and 4th June 1898 respectively

6 The Inspector General recommends in his letter No 11673—384 dated 17th June 1898 that the allotments under House rent and Contingencies be increased by Rs 600 and Rs 400 respectively These additions are made in the

Budget pending submission of details as to how much of these amounts are for Anglo-Vernacular Schools and how much for Taluk Vernacular Schools.

7. The provision for Travelling Allowances to Officers is raised from Rs. 11,200 to Rs. 20,000 as recommended in the Inspector General's letter No. 11619—383 dated 17th June 1898, in view of the increased rates of such allowances sanctioned in Government Proceedings No. 8369-404—P. and A. 39-93 dated 20th January 1898.

8. The following additional charges which were sanctioned since the submission of the Budget to Government, have also been provided for :—

	Rs.

Total ...	4,249

9. The Inspector General in his letter No. 4740—158 dated 30th November 1897, requested that the provision for Buildings in the Budget of 1897-98 be raised from Rs. 10,000 to Rs. 54,349. As the official year was nearing its close, Government in their Proceedings No. 11173-4—Ed. F. 19-96 dated 10th March 1898 sanctioned only Rs. 5,000 more for that year. As most of the urgent works referred to in that correspondence will have to be taken up this year, the provision for Buildings is raised from Rs. 10,000 to Rs. 30,000.

10 With the above remarks, the State Fund Budget Estimates of the Education Department for the year 1898-99 is sanctioned as per accompanying appendix of which an abstract is given below :—
